Vulcan, Alberta

STRANGERS IN THE NIGHT. A portion of the head table at the November Kinsmen Friendship Dinner, is shown above. From the right are President Keith Aiken, Vice-president Cleo Schmidt, Past President Amond Hyslip, Treasurer Don Paul and Vulcan native and world champion curler Ron Northcott. Guest of honor of course, was Ron and much of the interest

and attention justifiably centred around this sportman. However the sportsman seated next to him with the eye patch created the cloud of doubt and suspicion and made quite a stir himself. Rumors which quickly filled the hall identified this guest as not a member of the male tribe, but a made-over female whose husband had bought a fifteen dollar

ticket to the affair then couldn't come. There are also those who say this guest is indeed a woman... an attractive mother who lives on a most respected street in town and who could have been seen any evening this hot summer pattering around the lawn in a terribly attractive shorts and halter get-up.

Carol Night

Entries are coming in for the Carol Festival next Wednesday night and it is hoped a pleasing well balanced program will be assembled by curtain time at 8:00 p.m. To be held at County Central High School Auditorium, the evening is a repeat of four previous concerts where the Christmas spirit is introduced through the medium of music from choirs, soloists and instrumentalists of the Vulcan County Band.

Some of the choirs and individuals who appeared on last year's program will be back, and in addition it is hoped to have several new numbers to add to the enjoyment. And to bring the scene close to the audience, two sessions of community singing will also be featured.

FIRST TIME. The first public appearance of their young lives occurred Wednesday, Nov. 30, when over 20 members of the Vulcan County Band Association beginners' band played a short concert for their parents. Leader

Art Dee took the band through their paces in a series of descriptive numbers which showed the progress of each section, and there were even a few soloists featured. This program marked the end of the 10-week introductory course

and in his remarks following the music Mr. Dee congratulated the band and singled out each member with an explanation to the parents of his weakness and good points. The trumpet section of the band is shown above.

Free Show and Treats

Annual Christmas Event For Children This Saturday

Vulcan's annual Christmas treat for the children of the town and district takes place this Saturday, Dec. 10, when Santa Claus will arrive at the big Christmas tree downtown at 2:30 p.m. and distribute bags of treats to all the children.

At 1:00 p.m. and 3:00 p.m. the

same day there will be a free picture show for the children at the Vulcan Theatre. The show will be specially selected for this children's day.

This annual event is jointly sponsored by the Kinsmen Club, the Lions Club, the Elks Lodge and the Royal Canadian Legion.

Any Used Articles?

In conjunction with the current drive for funds in aid of the Vulcan District Recreation Centre the ladies group is attempting to set up a "Next To New" shop.

Bea Richardson, Vicki McNiven and Eileen Galloway head this committee and the idea is that residents who wish to support the project and who have used clothing or other items which have been outgrown or are no longer in use, may donate these to the store and they will be sold across the counter.

The girls feel this service could be a boon to parents with growing children who are especially hard on clothing whether new or used, where so often at play or other occasions a new garment is not really needed. It is also felt that in the town and district are many closets plugged with hangers full of clothing lying dormant which could be put to active use in another home.

In addition to clothing the girls hope to stock toys, books and any other articles which might have some value to someone else. The Next To New Shop is located in the old Lundy Findlay insurance office and is open afternoons on Tuesdays, Thursdays and Saturdays.

So far, in its first week of operation, little response has been shown to the venture but the girls hope that despite the busy Christmas rush parents will find time to look around their home closets with this subject in mind.

One aimless shopper to another: "If you don't plan to buy anything in this store, let's look at something more expensive."

Lt.-Gov. MacEwan Guest Speaker

Official opening of the \$166,000 addition to the Arrowwood School will take place this coming Friday, Dec. 9, at 8:00 p.m., and special guest speaker will be the Hon. Grant MacEwan, Lieutenant-Governor of Alberta.

The Lieutenant-Governor will also officially present to Barbara Jean Roberts of Arrowwood the Governor-General's Medal she won for having top marks in the Grade (Continued On Page 12)

Lowell Granlin Dies After Long Illness

An early resident of the Vulcan district, Lowell Marrien Granlin died Wednesday, Nov. 30, 1966, following a long illness. He was 58 years of age.

Born at Superior, Wisconsin, he came to the Vulcan district as a child in 1912, received his schooling here and was engaged in the business of drilling water wells for some years. He was a life member of the Vulcan Lodge, B.P.O. Elks.

Surviving are one sister, Mrs. Ruth Wintemute, Lethbridge; one stepdaughter, Mrs. Darlene Swartz, Vauxhall; four grandchildren, and an aunt, Mrs. John Magnuson, Calgary.

Services were conducted by Rev. W. Dormer at the Vulcan United Church on Saturday, Dec. 3.

Honorary pall bearers were Robert Gerdling, W. H. Engen, Orville Lerohl, Melvin Eamor, Alex Grant and W. A. Stewart. Active pall bearers were Lawrence Orchard, Mike Orchard, John Engen, Ernie Bowie, Walter Dann and Ross McIntyre. Interment was in the Vulcan cemetery.

The Vulcan Funeral Home was in charge of arrangements.

Mail Early For Merry Christmas

Open Christmas cards with a five word greeting addressed to Canada, United States and other countries of North, Central and South America require three (3) cents postage. The postage for open cards to all other countries is four (4) cents this year.

The first class surface mail rate to Canada, United States, Great Britain and the Commonwealth, Republic of Ireland and other countries of North, Central and South America is five (5) cents. The surface rate to all other countries is ten (10) cents.

The Post Office will be placing folders in your mail box this week. Besides having mailing dates listed, these folders will have labels for attaching to your Christmas Cards. Tie them to your local and out of town bundles before mailing in the red card boxes that will be located

in the inner lobby. Deadlines for Christmas mailings this year are: Dec. 8 to distant points in Canada and the U.S.A.; Dec. 13 to other out of town points in Canada; Dec. 17 for local delivery in Vulcan.

PASS THE DRESSING. Turkey shoots aren't all fun and laughter as was found out by Carl Steiner and Dan McNiven above, as they

loaded turkeys at a Calgary meat packing plant, destined for the Vulcan Lions Club Turkey Shoot held last Saturday. The thermometer

read close to zero and the wind was just as biting in the city as on the prairies.

Lost, Strayed Or Stolen...

A most perplexing situation faces Earl Galloway this week. Santa's coming to town on Saturday and Earl's trailer, the pedestal from which the jolly boy (Santa, not Earl) dispenses his cheer to youngsters, is missing.

With Earl's permission, the trailer was left at DonRon's garage lot some time ago, and following a recent stay in hospital, Earl went for his equipment only to find it had disappeared. None of the DonRon staff had borrowed it or loaned it to anyone and apparently no one knows exactly when it was last seen but generally Earl figures it must have been about a month ago.

Now, a spare tire, a truck jack or a wheel barrow might get pushed into a corner out of sight, but an eight-foot by 18-ft. lo-boy trailer is a little harder to explain.

Earl doesn't know whether to classify his problem as lost, strayed or stolen. If the first two categories are involved Earl would be relieved to hear from those concerned. If the third supposition is evident then the new owner had best keep it well hidden as it will come under police search.

Cheques Now Being Mailed To County Home-owners

County of Vulcan home-owners who paid their taxes in September and October will be the first to receive their provincial government \$50 home-owner grant cheques.

The individual cheques are now being prepared and will be in the mail in a few days. The initial sum to be distributed is \$23,000.

Those who paid their taxes later than October will receive their \$50 cheques a bit later.

In the town of Vulcan, most home-owners have by now received their \$50 grants, either in the form of a cheque or applied on their taxes.

Cold Weather This Week

The coldest weather thus far this winter had prevailed the past few days and early Tuesday morning the mercury was at 10 below.

Zero temperatures and strong winds on Saturday discouraged outdoor activity.

The ground is well covered with snow but highways are mostly clear and district roads in good condition.

The Shooting's Only Half The Fun

(by Peter Pickersgill)
Wave your hands at the wrong time during these Lions club supper meetings and you find yourself involved in all sorts of trouble. The price paid for this foolishness at the last meeting was the loss of a morning's sleep-in last Saturday, the company of two rude farmer friends Carl Steiner and Dan McNiven to Calgary and back

and a hand in the loading of about 250 turkeys in zero weather... with a wind blowing.

We were the chosen "volunteers" to go to the Burns packing plant at Calgary last Saturday for the items which played a fairly important part in the Lions turkey shoot. The plan was to pick up Carl at his farm by the Corner Store Garage and be at McNiven's

for 7:30 a.m., breakfast. Along the north highway the CBC radio weather forecaster spoke of calm conditions at Pincher Creek and winds of 22 miles per hour at Calgary but he failed to take in that 10 square mile area around Vulcan. The wind was blowing a prairie-full of snow across the highway in the pre-dawn black-darkness, likely filling in every

east-west road in the county and here we were chasing down a bunch of birds for a turkey shoot. It didn't seem right.

At McNiven's farm wife Vicki was alive in the bedroom but showed no signs of being hospitable to company at this time of day so the bacon and eggs were served up by the second cook.

Lethbridge

Some insist on Lethbridge Pilsner, several fine brews deftly blended in the Bavarian tradition. The best of barley, choice rice and our own home-grown hops give it the lively taste that appeals to Albertans. The unique label tells you it's Alberta's original Pilsner.

Others demand our Lethbridge lager — they call it 'bridge. This bright and bracing beer makes the most of its premium malt. The smooth, uniform taste is largely due to our own pure yeast and hops. Micro-filtered 'bridge is mellow, naturally-aged lager beer at its best!

MAGAZINE SALES GREAT SUCCESS

The Blackie Junior High School Students had their magazine sales with many students winning awards for their well-done job and for their effort which they put into selling the magazines.

Due to 25% increase in sales the students earned 27 shirts and 36 records which were paid for by Mr. Carr, Curtis Publishing Company representative. Those earning T-shirts and records for selling eight subscriptions were Janet

Groeneveld, Donna McIntosh, Carol Ririe, Evelyn Serfas, Patty Parker, Linda Percival, Debra Sewell, Dianne McIntosh and Robert Morrison.

Those winning records for selling four to seven subscriptions were Richard Jones, Cindy Litchfield, Deryl Rowland, Leonard Vanderploeg, David Robinson, Tom Raycraft, Joyce Brackley and Helen Robins.

The \$30.00 award winners who also won T-shirts and records are Della Egeland, Benita Meadows, Stephanie Koster, Karen Colliton, Teresa Tresidder, Douglas Snider, Gregg Percival, Richard Percival, Marilyn Raycraft, Cathy Elliot, Cheryl Douglas, Judy Jackson, Delaine Wray, Wendy Christofferson, Marilyn Sewell, Joanne Sulitor and Howard Ririe.

Students who put forth extra effort also earned special prizes such as hair dryers, walkie talkies, record players, transistors, tape recorders, watches, lamps and ornaments. These were based on the number of subscriptions sold.

Marilyn Raycraft was presented a mahogany plaque shaped like Alberta for being high salesman. A larger mahogany plaque of the same shape was presented to Mr. Tannas, the principal, for the school. This larger plaque has six places where the names of the high salesman of the following years can be placed. Two \$100 pins were given to Marilyn Raycraft and Stephanie Koster for making sales of over \$100.

A special mascot was donated by Mr. Carr to be won permanently by the grade with the highest sales average per pupil. This was won by the Grade Seven class who are sending it to the Bethel Wan Orphanage in Korea where the students' union Korean orphan, Woo Kyung Sook lives.

Final returns are not back from the Curtis Publishing Company but the Junior High Students Union will have made several hundred dollars.

FROM FORD OF BRITAIN. The new Ford 16 Six Centre Pivot Excavator, seen here demonstrated at the Ford Tractor and Equipment Training Centre in Essex, eastern England, recently, has a full range of three standard trenching buckets, three high capacity and three square hole buckets, enabling every type of digging job to be tackled. The new Ford Excavator Loader is a combination of 3 units, a 4500 industrial tractor, an Offset or

Centre Pivot Excavator and a Loader. The 4500 industrial tractor carries a 56 brake-horse-power 3-cylinder engine. The 13 Six Offset and the 16 Six Centre Pivot have features which include bucket rotation of 194 degrees to cut straight walls, a swing arc of 185 degrees to give access to a large working area and a four-bar, quick-release bucket linkage for rapid bucket changes.

Let's Decorate

Although the weather is hardly conducive at the moment, we would like to urge householders in Vulcan and the other towns in the county to brighten up their town and add to the festive mood of the season by putting up a few Christmas lights or other decorations.

Some people make this a ritual every year; others just can't be bothered putting up even a single string of lights. And yet, whether it's just a few colored lights or an elaborate display of lights and Christmas scene, such decorations certainly add to the spirit of the Christmas season.

We must admit that it is somewhat discouraging to have to continually replace light bulbs in a Christmas display, but the easy accessibility of such lights often make them a tempting target for youngsters who should know better. Other than putting the lights out of reach or catching the culprits red-handed there really isn't any solution to this problem. The fact that such a problem exists and is extremely difficult to control should not be an excuse for not putting up at least a few colored lights or some other form of Christmas decoration.

Funeral At Carbon For 85-year-old Vulcan Resident

A resident of Vulcan for the past three years, Gottlieb Bernard Kranzler died Sunday, Dec. 4, 1966. He was 85 years of age.

Born in Odessa, Russia, Mr. Kranzler came to the Beiseker district in 1913 and homesteaded at Carbon in 1914. He farmed there until 1949 and had resided in Vulcan since 1963. He was a member of the Baptist Church.

Surviving are four daughters, Mrs. Joe (Pauline) Drexler, Drumheller, Mrs. Claude (Martha) Mueller and Mrs. Bernard (Rita) Mueller, Champion, and Mrs. Dave (Nora) Lebsack, Vulcan; three sons, Ernest, Champion and Reinhold and Rudolf, Carbon; 24 grandchildren, seven great-grandchildren, four step-sisters and two step-brothers. He was predeceased by his wife Jacobina in 1950 and by a son Emil and one grandson.

Services will be held at the Carbon Baptist Church on Thursday, Dec. 8, at 2:00 p.m., with Rev. Milliner officiating. The Vulcan Funeral Home is in charge of arrangements and pall bearers will be Dale Lebsack, Steven Lebsack, Gerald Mueller, Stanley Kranzler and Aaron and Donald Drexler.

A SILLY QUESTION

Woman, watching football game in pouring rain, to husband: "This is probably another one of my silly questions. Why don't we go home?"

No nagging backache!

He used to be bothered by backaches and tired feeling. When he learned that irritation of the bladder and urinary tract can result in backache and tired feeling, he took Dodd's Kidney Pills. Smart man, Dodd's Pills stimulate the kidneys to help relieve the condition causing the backache and tired feeling. Soon he felt better—rested better. If you are bothered by backache, Dodd's Kidney Pills may help you, too. You can depend on Dodd's.

The Vulcan West-Ensign 4-H Beef Club held their regular monthly meeting on Saturday, Dec. 3 at 9:30 a.m. Carl Swartz gave a very interesting talk about his trip to Club Week which is held in Olds.

Four of the members went to Fort Macleod and attended a Junior Leaders Workshop. Here they learned how to understand human nature and how to speak in front of people. They were fortunate to have a film on citizenship and centennial. Included in this full day of work was a banquet sponsored by the British American Oil Company and a lunch sponsored by the Fort Macleod 4-H Club.

The Shootings' Only Half The Fun

(Continued From Front Page)

Dan's brand new truck, with 2500 miles on it, was chosen as our vehicle "Cause I'm not sure if the heater works in the old one." A few miles up the road the heater in this rig left something to be desired and a fluctuating temperature gauge told of either a frozen radiator or sudden chinook and it wasn't the latter. These trucks don't come equipped with cardboard for the radiator so a pair of coveralls were draped in front of the truck which must have looked to passing motorists as though a body had been hit crossing the highway and straitened into the radiator. (It wasn't until the return trip that Dan noticed from a button on the airliner-type instrument panel dashboard that one of the cold air vents was open. First thing he should do with that truck is get a hammer and chisel and knock off half of those buttons so he'll know what's going on).

Only other event on the trip in was at Midnapore when a car tried to ditch us but Dan talked to him like he used to talk to his cow when he kicked over the milk bucket so we came out about even.

One side complaint as we travelled the by-pass Blackfoot Trail to the stockyards and Burns plant was that the two-lane road, rimmed with snow, was extremely narrow for trucks and most of Southern Alberta's stockmen must use this route. One of the boys suggested maybe they were supposed to haul their cattle one at a time in a pick-up truck.

At the plant the turkeys were quickly summoned and loaded. Packed in cardboard cartons of four, they were heaved on the truck but at that, had it taken

three frozen pretzels ready for hanging in the thaw room.

As was the case on the way to the city the road cleared and the wind eased from about eight miles west of the Corner Store on, but at noon on the return it was still blizzarding in this area.

Back at the armouries the boys were going about preparations as though it were calm and warm out. You find they don't cancel turkey shoots although the two truckloads of bales hauled in for the outside trap shooting were wasted. This event was called off but only because the boys behind the traps were afraid of being taken for a moose in the poor visibility.

A good sampling of the possible rewards of the day was given by the Lionettes who served hot turkey dinners before the action began and lunch during the remainder of the shoot.

As the afternoon progressed people came, played bingo, shot targets in the basement, or took a run at various other games designed at cutting down the supply of turkeys, hams and boxes of chocolates offered as prizes.

Lion Art Jones, in charge of the shoot, felt there were fewer in attendance this year because of the weather but everyone there seemed to come to play and he estimated the proceeds would be in the neighborhood of \$2,000 which is the average for this event. The bulk of this cold-weather money goes towards operation of the swimming pool.

Most consistent winners at the evening bingo table were Doug and Gordon Roe whose luck improved as their stack of chocolate boxes rose. With the father,

Pat running this corner of the room, it did look suspicious but later when he left things got so good they graduated to hams as their prize and took home a meal or two of them.

After going through her allowance several times on the dime chocolate bingo young Margo O'Reilly was about to give up. Her mother across the table had beaten her out once and her father, calling the game from on stage, was no help. However in her last try she bingoed and went home to bed happily clutching her first-ever winnings of this sort.

One consolation in this safari is that with a membership of 70, and each trio of Lions taking their turn, it should be about 23 years before a repeat performance is necessary.

FIRST IN... AS USUAL, Jack Price and the staff at the Vulcan Post Office stared in disbelief last Wednesday as the first bundle of Christmas cards came in for sorting. Reason for the shock is that in nine years of printing his own greeting, Advocate staffer Peter Pickersgill, above, with Nelsie Robertson, has rarely made the New Year's deadline, let alone the Christmas cut-off.

The turning point came in 1965... or early '66 when the cards had to be converted to Valentine's

messages. The banter which accompanied this resulted in small wagers being made against chances of the cards being out this year by Nov. 30, and this year's cards' message hinted strongly on this subject. The money's not rolling in just yet but at least the pain of worrying all November and December about cards and then printing them during the holidays, is behind. Also the Post Office hopes hundreds of others will take the hint and avoid the last minute rush.

Beagle-McCallum Nuptials Held At Milo

The Milo United church was the scene of a lovely wedding on July 2 when Joyce Annette, eldest daughter of Mr. and Mrs. Wray McCallum of Queenstown and Donald Raymond, second son of Mr. and Mrs. Raymond Beagle were united in marriage. The afternoon ceremony was performed by Mrs. E. Howie.

Baskets of mums and gladioli with white satin bows marking the pews provided the church decorations.

The bride, given in marriage by her father, chose a full length gown of satin peau de sole. The fitted bodice was trimmed with lace at the waist and neckline. Her detachable train fell from a bow in the back and was trimmed with matching lace. A short tiered veil misted from a small pillbox headpiece. For her wedding day she carried a white satin Bible covered with red roses and trailing white satin streamers intertwined with rosebuds.

Bridal attendants were Donna Beagle, matron of honour; Sandra Oldfield and Grace McCallum, bridesmaids. They chose gowns of turquoise peau de sole and matching satin shoes. Their wispy veils were held in place by small pillbox hats and they carried bouquets of white shasta mums. The three younger sisters of the bride attended her as flower girls. Simply styled, their dresses matched those of the bridesmaids and they also carried similar but smaller bouquets.

The groom was attended by his brother Gary Beagle and the ushers were Gordon Howg and Randy Beagle.

The soloist, also a bridesmaid, Sandra Oldfield sang "The Wedding Prayer" before the ceremony began and "O Perfect Love" during the signing of the register. She was accompanied on the organ by Mrs. Leonard Northcott.

For her daughter's wedding the bride's mother chose a yellow linen dress with white accessories and a corsage of white roses. The groom's mother wore a floral green dress complemented by a matching coat and she also chose a corsage of white roses.

Following the wedding a reception and dance were held at the Milo IOOF hall. Lloyd Armstrong was the Master of Ceremonies. The toast to the bride was given by Stan Godkin. Two songs suiting

the occasion were sung by Sandra Oldfield.

For their honeymoon through B.C. the bride wore a two piece pink suit with white accessories.

Out of town guests were from Belleville, Ontario, Edmonton, Calgary and Brooks.

Mr. and Mrs. Don Beagle now reside in the Armada district.

Fall and Winter Management For Beef Cattle

If you haven't been following a program of pregnancy testing, you will probably be wintering 15 dry cows out of every 100. This is a national average. If you've had some bad luck with a bull you've used this year, half your cows could be barren.

Assuming that your present herd conception rate is 85 per cent and you have 100 beef cows, you will have 15 open cows. The cost of wintering a cow works out to about \$50 when the price of hay, vitamin A supplement, salt, minerals, protein supplement, and ruelene treatment are all taken into consideration. In other words, it would cost in the neighborhood of \$750 to keep 15 non-producing cows through the winter. This money, which does not include labor expenses, could be much more profitably spent on providing the rest of the herd with a little more supplement.

Contact your veterinarian and arrange for him to do a pregnancy test on each cow. When you know which animals are going to pay their way this winter and which are not, you can either sell or fatten the non-producers, depending upon their condition, the current market price, and the amount it will cost to put on the extra weight.

If your veterinarian finds a large number of open cows during the pregnancy examination, he can test them for vibriosis. Providing no disease is present, you may be able to trace the difficulty back to a breeding problem in one or more of the bulls. If there is a feed problem, a feed test through the Department of Agriculture may point out the problem.

During the pregnancy examination, a veterinarian can often tell the approximate date that a cow is going to calve. Since only that part of the herd which is due to calve needs to be watched, such information saves a great deal of time and space in the calving yard.

There are a number of other things that can be spotted while the cows are in the chute for their pregnancy test. These include lump jaw, abscesses, lameness, wooden tongue, hooves that need trimming, eye abnormalities, and so on. Animals that need any type of attention should be put into the holding pen. You will usually find the occasional animal that needs a horn stump sawn off or a pregnant cow that is thin. If there is nothing organically wrong with the thin cow, it is a good idea to keep her in for a bit and give her extra feed. While the cows

are in the chute it is also a good time to brand, tag, or mark them in preparation for starting a progeny testing program.

If you're interested in discussing progeny testing, drop in to the office and we'll talk about the facts and fallacies of such a program.

Isn't it nice that some things get better and better:
(Like Falcon's luxury and performance)
And some things never change:
(Like Falcon's low upkeep and big savings)

Make a change for the better...
Falcon '67

The nicest thing about buying a Falcon is that you get a lot of car for your money. Sure, Falcon is a compact—but it rides more smoothly, runs more quietly than any compact has a right to: that's why it's called "the limousine of the compacts!"

And if living it up and saving a little at the same time appeals to you, then Falcon is your kind of car. Did you realize that on Falcon you can get just about every luxury option the biggest cars offer? And generally pay less!

Falcon offers you bucket seats, headrests, full carpeting, all-vinyl interiors, a Stereo-Tape System, vinyl roof, power

steering, power drum brakes, power front disc brakes... and all the rest. For big power, order one of Falcon's two 289 cu. in. V-8's. Performance is sparkling and economical!

And to put this sparkling, economical power into action, choose a 3- or 4-speed manual or 3-speed SelectShift Cruise-O-Matic transmission that lets you shift manually (a feature many big cars can't even offer).

It's a fast-moving, luxury-loving life with Falcon. Go talk to your Ford or Mercury Dealer about a new Falcon. He'll show you how to get a lot of car for your money.
